

Horizontal Cable Bracket 1-Side (0301001)

These horizontal cable brackets are designed to provide both front and rear cable management in a compact size. The managers feature high capacity slots for entering and exiting cables, removable covers to hide excess patch cord length.

Features:

- Height: 1.75"
- Width: 19"
- Slotted Channels: (1)
- Color: Black
- Simultaneously organizes both rear horizontal cable and front patch cords on a relay rack giving a neat and aesthetically pleasing installation. The base panel measures 19"W x 1.75"H
- Flexible "fingers" allow cords to enter and exit the cable management panel as needed.
- Channels open for easy installation.
- Standard EIA 310 D
